

When elected, I will bring accountability and accessibility to City Hall.

I will listen to all sides, working with everyone to build a consensus of what decision or path will work best for all of Glendale.

I will make public safety a priority, ensuring our fire and police officials have the resource necessary to protect our city.

I seek a seat on Council because I care about maintaining our city as one of the best places to live, one of the safest cities, balancing the financial core of downtown with the needs of our neighborhoods.

On Council, I will make measured, sound financial decisions keeping Glendale financially strong.

I will support prudent development, agreements that benefit residents and produce increased revenues.

I believe mutual respect and common-sense governance leading to calm decision-making works for the long term best interest of Glendaleans.

I respectfully ask for your vote on June 3 so that together we can make Glendale, a great place to live, work and play.
